Anne, Schumin, Sandra,

We reviewed your generated list for GPRA 2018 and did a comparison with our current 117 authorized facilities. We notice that a good number of our 117 facilities are missing from your GPRA 2018 list (see the yellow highlights in the table).

I believe all 117 facilities should be listed on the GPRA 2018 renewal list and your list does not have that. I would like to talk to you about this so we can send the revised list to USEPA. Time is short on this, so please take a look at the table and then give me a call to discuss. Thanks.
